

EMOTION

Emotion 2019

Provence, France

The Wine:

Meet your new “go to” Rose. A wine that can fit into any situation, whether it be a family BBQ or a Friday night movie. Pale in color that is quintessential Provençal pink. Perfectly balanced flavors of the orchard come across with beautiful pear and fruit blossom that lends to a very balanced wine with zippy acidity.

Color: Very pale pink, almost like fresh cotton sheets in color, quintessentially Provençal.

Nose: Beautifully floral on the nose, a lot of tree blossom, fruit notes like pear and blood orange with subtle notes of fragrant potpourri.

Taste: Incredible acid on this wine makes your palate come alive. More fruits come across like pear and hints of raspberry. The combination of Cinsault and Grenache give the wine a great duo of savory and red fruit qualities to appeal to many different tastes.

Pairings: Great acidity and a round finish makes this a versatile wine for an aperitif and with first courses including grilled octopus, an ice-cold seafood tower, and all the flavors of the sea,
